WHAT IS TOLERANT?

“**TOLERANT: Transnational network for Employment integration of women victims of trafficking**” is a European project aiming to enhance the integration of third country national women victims of trafficking for sexual exploitation in the labour market in the destination countries and the EU in general, through trainings and reducing their vulnerabilities.

The project is funded by the Asylum, Migration and Integration Fund (AMIF) of the European Union and will run for 2 years (January 2019 – December 2020).

WHY IS IT NECESSARY?

The need to implement **TOLERANT project** emerged from the fact that nearly 16.000 victims of human trafficking were registered in EU between 2013 and 2014, of whom 64% were female victims of sexual exploitation.

Following identification and meeting of the basic needs of victims of trafficking (accommodation, residence permit, psychological and social support etc.), employment appeared to be the most important factor in the process of integration, enabling women to become financially independent and self-sufficient in the long-term.
